purifier. We all realize that this disease is a specific blood injection of the most powerful nature, the virus of which so thoroughly poisons the corpuscles of the circulation that its symptoms are manifested over almost the entire body. First comes a tiny sore or pimple, then the mouth and throat ulcerate, the glands in the groin swell, the hair begins to fall out, skin diseases break out on the body, sores and ulcers appear, and even the bones ache with rheumatic pains. It is reasonable to believe that in a blood poison so powerful as this that only a blood purifier can have any permanent good effect. S. S. S. is the greatest of all blood purifiers; it goes into the circulation and by thoroughly cleaning the blood of every particle of the incidious views makes of every particle of the insidious virus makes a permanent and lasting cure of Contagious Blood Poison. It does not hide or cover up the disease in the system but it entirely removes the last trace of its destructive germs. If you are suffering with this disease S. S. S. will cure you because it will cleanse your blood and enrich its health-promoting corpuscies. S. S.
